 Exp. Date: _____

Terms: Customer is to pay all fees associated with shipping, evaluation, repairs and replacement parts, if any, associated with the evaluation. Evaluation and repairs may take as long as 2 weeks, depending on the damage to the component. All customers on COD terms will have component returned to Advanced Machine Tool, unless a credit card is provided for payment.

Be sure to include the **RMA#**, on the **INSIDE** and **OUTSIDE** of the box when shipping the board set or keypad.

Please call Tech Support 770-831-1998 for proper shipping address.

If component is un-repairable, the evaluation fee will be applied towards the purchase of a new component or upgrade.

Labor & Installation: Varies depending on Service Time, Service Mileage, and Service Labor to install the new component or upgrade. Any other fees for parts or accessories associated with upgrade. A quote can be provided with all costs associated with the component or upgrade replacement, if needed before a technician is sent on site.
